Mr. Douglas K. Kinsey
Commissioner, Property Management and
Disposal Service
General Services Administration
Eighteenth and F Streets, NW
Washington, D. C. 20405

Dear Doug,

We wish to reiterate our appreciation for your willingness to take time out of your heavy schedule to come out and listen to and look at the problems for us with the originally proposed disposition of the Federal Highway Administration land adjacent to our property. We hope that we provided to you and to Walter Moreland and Gene Nunnally a story which has in retrospect some cohesion. If not, we know that you will feel free to call upon us to expand, clarify or elaborate.

Enclosed is a copy of the chart showing the fallback position which we described as our alternative to that attached to our response to the original excess notification from Region 3. We have outlined in orange the preferred retained holding for FHWA and in blue the land desired by the Agency. We also confirm our readiness to bring to you for further review any and all of the other charts which we used during our discussion today.

Thank you again for your time and interest.

Sincerely,

I - D\Governance
I - DD\2 subject
I - DD\2 CHIROBO

John W. Coffey
Deputy Director
